

08:30 - 09:00

Registration and welcome coffee

Foyer - 1st fl

09:00 - 10:30

Parallel Sessions

Scientific session 3 Innovation in COPD Care & Hospital Admissions

Nieuwegracht 2

Chairs: Mr. Emiel Rolink, Long Alliantie Nederland and Mr. Pieter van Eck, Experience Expert at Lung Foundation Netherlands

Reducing hospitalization days for COPD lung attacks through better coordinated interdisciplinary care: time for action

Mrs. Lidewij Sekhuis, Long Alliantie Nederland

Platform trials in COPD, new ways to advance knowledge on treating lung attacks

Prof. dr. Huib Kerstjens, UMCG, Groningen

Cooperation between the Dutch Healthcare Authority (NZA) and the Lung Alliance Netherlands on the Qualitystandard COPD hospital admissions

Mrs. Marieke Schuurmans, Nederlandse Zorgautoriteit

Scientific session 4 Longfonds project reports

Oudegracht 2

Chair: Prof. dr. Reinoud Gosens, University Groningen and Dr. Gerdien Tramper, Franciscus Gasthuis & Vlietland, Rotterdam

Vanishing vessels in emphysema

Dr. Jurjan Aman, Amsterdam UMC, Amsterdam

Long-term ventilatory support in patients with severe COPD: is one mode fitting all?

Dr. Marieke Duiverman, UMCG, Groningen

Protecting late-moderate preterm infants from respiratory tract infections and wheeze by using bacterial lysates

Dr. Gerdien Tramper, Franciscus Gasthuis & Vlietland, Rotterdam

10:30 - 11:00

Coffee Break

11:00 - 12:30

Parallel Sessions

Scientific session 6 Novel Methodologies from the clinic to the lab

Nieuwegracht 2

Chairs: Abilash Ravi, Leiden University Medical Center and Dr. Martijn Nawijn, UMCG, Groningen

A biophysical outlook on the role of the extracellular matrix on pulmonary diseases

Dr. Nuria Gavara, University of Barcelona

Organs-on-Chip technology to study lung health and disease

Dr. Anne van der Does, Leiden University Medical Center, Leiden

Game theory to improve treatment of non-small cell lung cancer

Dr. Katherina Stankova, Delft University

Organized by

In collaboration with

NVALT

Scientific session 5 Just breathe – the science of inhalation and exhalation

Oudegracht 2

Chairs: Dr Elin Kersten, UMCG, Groningen and Dr. Ir. Frans de Jongh, University of Twente and Medisch Spectrum Twente

The evolution of "smart" inhalers: from digitally supporting inhaler technique and adherence to predicting exacerbations

Dr. Job van Boven, University Medical Center Groningen

Development of exhaled breath based biomarkers - from lab to living room

Dr. Paul Brinkman, Amsterdam UMC, Amsterdam

The assessment of small airway disease: from research to clinical practice

Dr. Annelies Zwitterloot, University Medical Center Groningen

12:30 - 13:30 Lunch break, exhibition, poster viewing

12:45 – 13:15 Lunch symposium Chiesi: Moving beyond the lungs: prevention of cardiovascular disease as a new treatment goal in COPD

Nieuwegracht 2

Dr. Sami Simons, MUMC+

13:30 - 15:00 Poster viewing and discussion with presenters

From 13.30 – 14.15 CEST: Even numbered posters

From 14.15 – 15.00 CEST: Odd numbered posters

Oudegracht 1	P01 – P013: Clinical management
Nieuwegracht 1	P14 – P25: Clinical future perspectives
Oudegracht 1	P26 – P39: Disease underlying mechanisms
Nieuwegracht 1	P40 – P53: Modelling respiratory diseases

15:15 – 16:45

Plenary Session - Out of the box: Society and technology influencing Respiratory Disease

Nieuwegracht 2

Chairs: Prof. dr. Frits Franssen, Ciro and Dr. Yasemin Turk, Franciscus Gasthuis & Vlietland

Remap ILD : how twitter has brought ILD researchers together into something that will benefit patients

Dr. Leticia Kawano-Dourad, Hcor Research Institute, Hospital do Coracao, Sao Paulo, Brazil

Manipulation Strategies and Interventions on Social Media in the Time of the Covid-19 Pandemic

Prof. Adriana Iamnitchi, Computational Social Sciences in the Institute of Data Science at Maastricht University

Natural language processing and AI in healthcare: promises and pitfalls

Dr. Iacer Calixto, Department of Medical Informatics, Amsterdam UMC, University of Amsterdam

16:45 - 17:00

Awards Ceremony & Closing

NRS Swierenga Penning Award

Young Investigator Award – supported by Chiesi

Impact Statement Award – supported by AstraZeneca

Poster Awards – supported by SAB

Organized by

In collaboration with

NVALT
